James Choi

(408)824-4123 · jchoi00@umail.ucsb.edu · jchoi00.com · Bay Area | Santa Barbara

EDUCATION

University of California, Santa Barbara (UCSB)

Bachelor of Science in *Electrical Engineering*

Technology Management Certificate

September 2014 - March 2018 March 2017

HONORS

University of California, Santa Barbara

Dean's List, Harold Frank Scholar, Engineering Honors Program, Engineering Writing Award

SKILLS

Hardware: Packaging Design, Probing, ANSYS, PADS, ADS, VNA, Altium, Soldering, 3D Printing Software: MATLAB, C++, JavaScript, HTML, and Ruby on Rails

EXPERIENCE

Electrical Engineering Intern, MACOM

June 2016 – Present

- Signal Integrity intern overlooking the entire engineering process in R&D, application, validation, and customer relation
- Conducted a research and performed precise probe measurements to set industry guidelines for calculating bond wire inductance
- Researching in crosstalk study for transmission lines
- Learning and implementing designs and schematics for packages and PCBs

Undergraduate Researcher, UCSB Experimental Cosmology Group

March 2016 – Present

- Starshot Project led by Professor Lubin is supported by NASA, Stephen Hawking, and Mark Zuckerberg
- Learned about laser propulsion, wafers, radio telescopes, PCB designs, and 3D printing
- Planning on doing more research in rockets, photonics, and integrated circuits

Software QA, Trelp Santa Barbara, CA

September 2015 – December 2015

- Helped with the website for the new mobile application, Trelp, which provides truck drivers with rest spots and most efficient directions to their arrival
- Demonstrated leadership by successfully carrying out the business plan

Personal Venture, AlziCam Santa Barbara, CA

November 2015 – January 2015

- Led a team to finish a feasible business proposal, AlziCam, which helps Alzheimer's patients
 - Wearable camera that records and shares videos with patients and caretakers

EXTRACURRICULARS

Computer Manager, IEEE Technical Professional Organization

September 2014 – Present

- Actively maintaining and fixing the computers and lab equipment in addition to helping members and lower classmen with their projects

Alpha Kappa Psi Professional Business Fraternity

September 2015 – Present

- Responsible for revamping and adding functions to the website using *Ruby on Rails*

Vice President, Techonits Sunnyvale, CA

September 2011 – January 2014

- Co-founded a CA non-profit organization that brings benefits of technology to senior citizens
- The organization is officially registered with the *President's Volunteer Service Award* for completion of 500+ hours of service
